Amendment 01: February 13, 2024

1. Attachment 1 – Project Topic, Section 1.5, Key Personnel, is revised to correct the page limit (as indicated in bold italics):

1.5 Key Personnel

Key personnel to be included for this project must include:

- Project Leader
- Project manager
- Task Leads (as proposed)

Identify and describe the capabilities and experience of key personnel and organizations as these elements relate to the proposed project. Descriptions of experience should serve to demonstrate the key personnel's ability to successfully conduct the proposed research or project, including access to critical resources for the project. Designate any supervisory relationships and who will be the main point of contact for regular check-ins with the NCSES methodological team during the project. Provide condensed resumes (2-page maximum) for all key personnel on the project. Resumes shall be organized in an appendix to the proposal. Resumes do not count toward the **20**-page limit for the proposal.

In addition to key personnel, designate any graduate students or postdoctoral fellows funded by the proposed research. If named, provide no more than a half-page biographical sketch of their background and research interests. The biographical sketch should be included as part of the resume appendix and does not count against the page limit.

Describe any unique capabilities that the offeror team possesses that may reduce project risk, reduce project duration, and/or improve project financial performance.

All other items remain unchanged.
